

Westchester Jewish Council
Syrian Refugee Crisis

STATEMENT
October 28, 2015

"Guided by our own history as refugees as well as our shared biblical and prophetic mandate to protect and welcome the stranger, Jews everywhere have always been stakeholders in refugee resettlement and protection, both in the U.S. and in other countries. The Westchester Jewish Council encourages the Jewish community and our elected officials to consider the plight of all refugees and provide care and comfort where appropriate and possible."
